

Helpful Tips for Parent Portal

To login to the Parent Portal after creating your account, use google as your web browser and go to <http://edmondschools.net/parentportal>

I recommend using a browser (and not the app) to access all the information available in the parent portal.

If you do not remember your password, you will need to click on “Forgot your password?” and then enter your username. You have to know your username to reset your password.

An email will be sent to the email address you created your account with. This email will provide directions on how to reset your password. Don't forget to check your spam folder. The email address starts with *donotrespond*.

District Announcements

2015-08-09
Welcome to the Parent Portal!

If you have questions or problems concerning the Parent Portal, please contact the school.

If you have forgotten your username or password, click on the orange Help icon. **You must have the security preferences set up before you can reset your own password.**

After you have set up your Portal Account, you may download the Portal App (available for Android and iOS devices). The District Code required for the parent portal app for Edmond Public Schools is: **ZJQBVQ**

If you have a new parent portal account, please set up the security preferences before you log into the mobile app.
